Weekly Memory Verse
for Week 10:

"The fear of the Lord is the beginning of wisdom; all who follow his precepts have good understanding. To him belongs eternal praise."

Psalm 111:10

A Word from the Principal

Greetings all,

This week we received the lovely thank-you note printed below. Our students and teachers represented the Academy very well!

To whom it may concern:

I write this note to thank the young ladies and gentlemen who volunteered at Family Worship Center on Thursday the 25th. I attend the church there and because of my job can only help out a few times a year. What a pleasure it was to see so many helping hands. Every student, parent and faculty member gave full effort. I heard young people helping and encouraging each other, asking what they could do next and having fun. The sheer number of families who benefited from the food distribution program at The Family Worship Center is staggering. It was so good to see young people be a part of that too. Thank you for encouraging this sort of service time in your student body.

Non Nobis Domine,
Wallis W. Brooks, Principal

Thank you to Lisa Acevedo and Lacy Lawrence for a wonderful lunch today! You guys make us feel special!

Help for the Panhandle!

The Hirko family has relatives who live in Mexico Beach and Port St. Joe. They will be driving over to work with local churches to help with the clean up. We will be collecting donations of Clorox, paper towels, baby wipes and feminine products in the front office. We will be receiving things until Veteran's Day. Thank you so much for helping rebuild the Panhandle!

Operation Christmas Child
items due **Nov 9.**

Time To Fall Back

Reminder to set your clocks back one hour this Saturday night.

Bricks R Us

Due to popular demand, we are extending the date for ordering our first batch of bricks. You now have until next Friday, November 9th

THINGS HAPPENING AROUND SCHOOL

Our 6th graders enjoyed learning about and making the tabernacle of God as designed by God and built by the Israelites in the Old Testament. They have learned that each piece of the tabernacle was intricately designed and held spiritual significance. They had fun building and they have learned so much in the process!
