Who We Are...

St. John's Academy's purpose is to be a classical, Christian, college-preparatory school of impeccable reputation and accomplishment. **We're celebrating 30 years in the community.**

Classical:

As one of over 300 classical schools across the country, St. John's Academy is rooted firmly in the enduring method and content of the Trivium. The three-fold path of grammar, logic and rhetoric teaches children how to think, not just what to think. The methodology emphasizes the rich heritage of Western civilization and the curriculum trains students to become virtuous scholars who can articulate truth and recognize beauty.

Christian:

As an accredited interdenominational Christian school, St. John's Academy provides students an education with a distinctly Christian worldview, Godly role models and encouragement in their faith.

College-Preparatory:

As a college-preparatory school, St. John's Academy provides a rigorous curriculum of academics, arts, athletics to prepare students for college, career and life.

Our Mission...

St. John's Academy is a classical, Christian, college-preparatory school dedicated to training virtuous scholars.
