A WORD FROM THE PRINCIPAL

On September 17th we celebrated Constitution Day! At SJA, our students read the Constitution in its entirety and memorize the Preamble in 5th grade. As a classical Christian school we believe in students reading original sources for history. Celebrating this day is important to acknowledge our constitutional republic and God's hand in the writing of it.

Benjamin Franklin called the Constitutional Convention to prayer after several weeks of difficult discussions. The Founders well understood the need to seek God and the important part that God played both in establishing this nation and in the writing of the Constitution.

George Washington (president of the Convention) stated:
As to my sentiments with respect to the merits of the new Constitution, I will disclose them without reserve. . . . It appears to me then little short of a miracle that the delegates from so many different states . . . should unite in forming a system of national government.

Benjamin Rush, a signer of the Declaration testified:
I do not believe that the Constitution was the offspring of inspiration, but I am as perfectly satisfied that the Union of the States in its form and adoption is as much the work of a Divine Providence as any of the miracles recorded in the Old and New Testament were the effects of a Divine power.

Non Nobis Domine,
Jodi Young, Lower School Principal
